[Prevención de la sobredosis de opioides manual de instrucción](#) [2]

This toolkit offers strategies to health care providers, communities, and local governments for developing practices and policies to help prevent opioid-related overdoses and deaths. In this revised edition, separate sections are geared toward first responders, prescribers, patients and families, and those recovering from opioid overdose. The toolkit is also available in Spanish.

Settings: Health Care, Substance Abuse Treatment, First Responders

About Suicide: Substance Abuse

Planning and Implementing: Policy and Legislation
