This web page includes the yearly U.S.A. Suicide: Official Final Data sheets compiled by John L. McIntosh from 1987-present as well as sheets presenting state, regional, divisional and health suicide data for various years. Additional data are provided for some years indicating suicide trends, means, sex, and racial/ethnic.

The American Association of Suicidology also publishes these fact sheets for years beginning in 2011 as well as for specific populations from other sources. http://www.suicidology.org/resources/facts-statistics [2]
