This report documents the critical services available at Urban Indian Health Organizations (UIHO) to address behavioral health needs such as depression and substance abuse. The report also highlights programmatic achievements and factors contributing to success; presents vignettes of select UIHO; and provides key recommendations to support future efforts to address behavioral health needs in urban American Indian and Alaska Native communities.

Populations: American Indians and Alaska Natives
Settings: Outpatient Mental Health, Urban Areas
About Suicide: Behavioral Health Disorders, Substance Abuse
Strategies: Screening and Assessment, Treatment
