United Suicide Survivors International

Date: 2016(For resources, this is the publication date. For programs, this is the date posted.)

This organization and the resources on its website assist those with the lived experience of suicide attempt, serious ideation or suicide loss to discover their role as change champions and advocates. They support the implementation of lived experience international guidelines and best practice programs such as The Way Forward and Responding to Grief, Trauma, and Distress after a Suicide: US National Guidelines and leverage the voices of lived experience to advocate for policy, system, and cultural change.
