Course Description  
This course will examine the public health problem of suicide, with specific attention to prevention, intervention, and postvention approaches. Students will gain an understanding of suicide epidemiology and underlying theory, as well as risk and protective factors for suicide. This course will familiarize students with evidence-based practices and ethical considerations with suicidal clients, including learning directly from individuals with lived experience with suicidality. Students will also learn about the current state and national strategies for suicide prevention, as well as policies related to suicide. Upon completion of this course, students will gain skills in assessment and management of suicide risk, intervention and treatment techniques with suicidal clients, and postvention approaches with survivors of suicide loss.

Required Texts:  
Miller, C.A. (2012). This is how it feels: A memoir-Attempting suicide and finding life. Publisher: Craig A. Miller.

Textbook Rentals:  
- Rent on-line at http://simmons.bncollege.com or in the bookstore  
- Pay using any form of payment accepted at the bookstore  
- Use the book for the entire semester

While not every textbook is available to rent, many of the common, re-usable books are on the rental list. If you have questions regarding whether or not a book is rentable, please contact the Simmons bookstore.

Materials for the Courses  
The course materials listed in this syllabus are available in several different sources as noted below:  

T = Textbook  
L = Library Reserves. Go to the Library home page and click on the link for “course reserves.” These are hardcopy books and media available for checkout at the Library Circulation Desk, and also searchable in the Library Catalog.  
E = Electronically available chapters and articles on Moodle. These are scanned PDF files posted by your faculty and located on your Moodle course site.  
W = Web link. Freely available online resources.

Journal articles: full-text journal articles are listed in the syllabus and can be found through the Simmons Library by the following instructions:
There are multiple ways to find a full-text article when you have the citation for it (like the ones listed in a syllabus or article reference list). The following is the most accurate method of getting to the full-text of articles in journals that the Simmons Library subscribes to.

1. From the Simmons Library homepage (http://www.simmons.edu/library), click on Find a Journal.
2. Search for the title of the Journal in which the article was published.
3. Look at the date ranges next to the database links listed under the journal title. Click on a link with the date range that includes the article's publication date.

If you’re off-campus you’ll be prompted to log in with your Simmons username and password at this point.

4. From the Journal Page, use the year, volume, and issue information to locate the journal issue in which the article was published.
5. Click on the issue number and scroll through the article titles until you locate the one you want to read. Click on the PDF icon in order to download, save or print the article.

For further instructions see the handout “From a Citation to a Full-Text Article” available from your instructor or the Library.

For difficulties getting to a reading through the Library, please contact reserves@simmons.edu or 617-521-2796

**Council on Social Work Education (CSWE) Core Competencies & Practice Behaviors**

The 2008 Educational Policy and Accreditation Standards (EPAS) developed by the Council on Social Work Education (CSWE) both require and provide a framework for competency-based assessment of educational outcomes in social work training programs. A description of the 10 core competencies and associated foundation and advanced practice behaviors can be found on the SSW website through the following link within the searchable Field Manual:

The course will primarily address and assess your attainment of the following competencies and practice behaviors:

**Evaluation of Student Performance**

*Evaluation of students' performance is based on:*

**Assignments.**
- Your individual instructor will explain her expectations for assignments and specific grading criteria. Each assignment is due on the date noted in the syllabus; any exception must be discussed in advance with your instructors.

**Class Participation.**
• You are responsible for completing all readings before class and being prepared to apply them in class discussions. Class discussion may include in-class discussions, debates, role-plays, and exercises. Class participation should reflect the social worker’s professional responsibility for respectful interactions and attentiveness with fellow students and faculty. Please review the student policy manual for SSW standards for professional development and the honor code.

Attendance, Attentiveness, and Punctuality.
• More than one absence will influence the evaluation of a student’s performance and grade.
• Students are expected to let their faculty know when they are unable to be in class.
• Use of computers, phones, and other electronic devices is not allowed during class.
• Please inform your instructor if you may be late and when late, enter the class quietly and with minimal disruption. Repeated lateness will influence evaluation of student performance.

Grading Policy:

Evaluation of student performance is based on:
Midterm Assignment (40%)
Final Group Project (40%)
Class Participation (20%)

See below for the SSW Grading Scale. For further information on the school’s Grading Policy, please refer to the SSW Student Handbook.
A = Excellent Performance
A- = Very good Performance
B+ = Good Performance
B = Satisfactory Performance
B- = Marginal Performance
C/D = Unsatisfactory Performance
F = Failing Performance

Grade Grievance Policy and Procedure: Please refer to the SSW policy on grade grievances of final grades.

Statement on Disabilities
Reasonable accommodations will be provided for students with documented physical, sensory, systemic, cognitive, learning and psychiatric disabilities. If you have a documented disability that requires assistance, you will need to contact the Disability Services Office at the beginning of the semester to request accommodations. Contact the Disability Services Office in person in MCB-E108 or by phone at (617) 521-2470. Students requesting accommodation must do so each semester. Students with disabilities receiving accommodations are also encouraged to inform their advisor and contact their instructors within the first 2 weeks of the semester to discuss their individual needs for accommodation.

Writing Center
The Writing Center offers one-on-one tutoring, workshops and presentations designed to strengthen students’ academic reading, writing, critical thinking and research skills. The Center works with faculty across schools and programs to address students’ academic and discipline-specific writing needs. The Writing Center is located in Beatley Library. You can sign-up for an appointment online at http://my.simmons.edu/academics/writing-center/ or over the phone at (617) 521-2479. Contact Terry Müller, Director, with any questions at terry.muller@simmons.edu or (617) 521-2471.

Library Resources
Shanti Freundlich (shanti.freundlich@simmons.edu) and other library staff (reference@simmons.edu and simmons.edu/library) are available to assist you with using the College Library resources on-line and on-campus, including assistance with how to search for professional and scholarly literature for your papers.

Citations for References Used in Written Work
All citations for references used in written work and all reference lists must follow the *American Psychological Association Manual*, 6th Edition (2009). Failure to cite a reference or follow the APA guidelines will affect your grade. We recommend that students purchase the APA Manual; however, it is also on reserve in the Beatley Library. If you have any questions about what should be cited or how to format the citation, please contact your instructor or the librarian. You can also refer to: http://www.apastyle.org/elecref.html or http://owl.english.purdue.edu/owl/section/2/10/.

Statement on Plagiarism
Plagiarizing is defined as intentionally or unintentionally using someone else’s words or thoughts without giving proper credit. When a source is not cited, it is assumed that the words, thoughts and ideas are the sole product of the student. When a student uses material from another source, the extent and nature of the borrowing must, to avoid the charge of dishonesty, be fully and explicitly noted in the text or footnotes. Direct quotations must be differentiated from the text by using quotation marks or by indenting or single-spacing and must be accompanied by appropriate APA citation. It is the responsibility of the student to learn the proper forms of citation. The use of papers or other work obtained from commercial or other services is a clear case of plagiarism and is specifically prohibited. Handing in as one’s own work a paper on which a student has received extensive help without acknowledging that help is plagiarism. **Students who – for whatever reason – submit work not their own are subject to disciplinary action.**

HIPAA Guidelines/Client Confidentiality
All social workers are required to adhere to HIPAA (Health Insurance Portability and Accountability Act of 1996, Public Law 104-191) regulations regarding the privacy of client information outside of the agency setting. Confidentiality must be strictly maintained when discussing clients in the classroom and writing about clients in course assignments. Ensuring client confidentiality includes not stating the name of the agency, the actual name or initials of clients and/or the actual dates of services. For example, you would use “community health center” and not “Fenway Health Center” or “Upham’s Corner Health Center,” etc.; “urban public school” and not “Tobin Elementary School;” “larger urban teaching hospital” and not “Mass General.” In terms of dates, use terms such as “past Fall” and not “October 2010” or “presenting complaint began about eight years ago when client was 10” and not “2002.”

A cautionary note:
Suicide can be a sensitive topic for many people, even those with professional training and experience. If you find the class is causing personal difficulty or stress, or brings up issues you’d like to discuss, Simmons College has campus resources available: Simmons Counseling Center is a resource to all students. They are located at P-305 in the Palace Road Building and are open from 8:30am to 4:30pm, Monday through Friday. The phone number is: 617-521-2455. They can also be reached by email at: counselingcenter@simmons.edu. Additionally, there is anonymous help available 24/7 at the Suicide Prevention Lifeline, which can be reached by phone at: 1-800-273-TALK (8255). You can visit their website at: http://www.suicidepreventionlifeline.org/.

Please note that the syllabus is not a contract. The instructor reserves the right to alter the course requirements and/or assignments based on new materials, class discussions or other legitimate pedagogical objectives.

CLASS 14  Final Group Presentations

ASSIGNMENTS

Midterm Assignment: a) 15 minute audiotaped role play of a suicide risk assessment and b) accompanying reflection paper (maximum 2 pages single spaced) detailing at least two instances in the interview of strong skills and four instances demonstrating a need for further skill development. For the
instances in need of further skill development, write specifically what you could have said or done differently and why. When suggesting improvements, provide exact dialogue and cite exactly where you would have said it in the session. Additionally, discuss issues of the client’s and clinician’s multiple socio-cultural identities which influenced the session, especially as it relates to your own transference and countertransference, your own values/beliefs and assumptions about your client, language issues, and how these socio-cultural issues helped or inhibited your confidence and/or effectiveness during the suicide risk assessment. Due Class 8 and worth 40% of total grade.

Final Group Project: In small groups, you will present on the last day of class on an issue related to suicide prevention, assessment, treatment, postvention, or policy of that is of specific interest to you. The presentation should address the epidemiology of the problem (i.e. scope and magnitude of the problem, as well as risk and protective factors) and provide a rationale for why this is a problem that needs to be addressed. The presentation should also cover how to most effectively address this issue, which may include prevention, intervention, or postvention approaches. Your power point presentation (maximum 20 minutes). Due Class 14 and worth 40% of total grade.
