[Healthy Youth Survey Data](#) [1]

The Healthy Youth Survey provides information about youth in Washington that is used by county prevention coordinators, community mobilization coalitions, community public health and safety networks, and others to guide policy and programs that serve youth. The website currently has the data from 2012 and 2014. It includes the answers to questions about safety and violence, physical activity and diet, alcohol, tobacco and other drug use, and related risk and protective factors by students in grades 6, 8, 10, and 12.
