Surveillance Success Stories – Texas: Denton and Tarrant Counties

April 21, 2017

SPRC is pleased to announce the release of its latest Surveillance Success Story [1], which comes from the state of Texas. This story details how Denton and Tarrant Counties access and analyze data on suicide deaths and use that data to strengthen their prevention efforts. The Surveillance Success Story Series describes how states, tribes, and health systems access and analyze data on suicide deaths and attempts, and use data to inform evaluation and program planning. Look for more success stories in the coming months!
