

## Best and Promising Practices for the Implementation of Zero Suicide in Health and Behavioral Health Care Systems in Indian Country

Date: 2019(For resources, this is the publication date. For programs, this is the date posted.)

### Information

Type: Toolkit  
Author: Zero Suicide Institute  
Publisher: Education Development Center, Inc. (EDC)

### See This Resource

[Best and Promising Practices for Zero Suicide in Health and Behavioral Health Care Systems in Indian Country](#) [1]

This toolkit contains recommendations for the implementation of Zero Suicide in Indian country and features forms and tools others have used in their own implementation, as well as videos featuring a variety of indigenous health systems that have committed to the implementation and indigenization of the Zero Suicide framework for their communities. The toolkit offers two in-depth views into very different health systems that are implementing Zero Suicide.

This is a companion toolkit to the original [Zero Suicide Toolkit](#) [2].
